# What is included?

## The program

The structure of this program is divided into Spanish lessons in the morning and cultural activities in the afternoon. Typically there are 20 Spanish lessons per week, but we also offer students the chance to really advance their level and knowledge of Spanish with 30 lessons per week. Each lesson lasts 55 minutes. There is a maximum of 12 students per lesson (minimum 4) so that students may enjoy the right amount of lesson interaction yet still receive a high standard of teaching. Since lessons are in the morning, the

students have time in the afternoons to participate in activities and outings in the city. Whilst several activities are already included in the price of the program, others are available at extra cost. The program also provides 1 full day and 2 half-day excursions per fortnight. These excursions include a guide and a supervisor. The program has various start dates throughout the year.

## Destinations

### Barcelona

Barcelona is a hub for fashion, music, cuisine and the arts and offers the best of both worlds: beachside fun and all the cultural attractions of one of Europe's most admired cities. As Barcelona is known for its striking and unique architecture, you will find endless examples of Gaudi's legacy throughout the city, from the Sagrada Familia to La Pedrera.

### Malaga

Witness to the birth of the illustrious Pablo Picasso, Málaga has managed to place itself as one of the principal cultural centers found in Europe. Located on the shores of the Mediterranean Sea, this privileged enclave offers visitors the key to enjoying the best Andalusia has to offer: history, gastronomy, cultural and recreational offerings, excellent climate and, last but not least, the warmth of its people.

### Salamanca

Located in the west of Spain and a traditional university city, Salamanca is renowned for its culturally rich, youthful atmosphere. Ancient sandstone buildings with faded Latin inscriptions on their façades, well-preserved Renaissance architecture and a maze of cobbled streets to explore are only the first in a long list of treasures that this UNESCO World Heritage site has to offer. The city's graceful plazas, charming cafes and lively nightlife are all within walking distance - it's an ideal location to study Spanish!
